## PROGRAMMA PROGRAM

### WELCOME TO ALL DINO ENTHUSIASTS

The 5th International Dino Meeting once again promises participants an exciting and divers program amid the breathtaking backdrop of the Engadin mountains. A special highlight in 2027 will be the three-country excursion through Switzerland, Austria, and Italy.

Our base will be the charming Upper Engadin village of Silvaplana, situated at 1,815 metres above sea level, nestled among picturesque lakes and just a few minutes from the glamorous resort town of St. Moritz. Depending on the number of registrations, participants will be accommodated in several hotels in Silvaplana, all located within close proximity to one another. Meals and social activities will always be enjoyed together.

Thanks to the support of the Municipality of Silvaplana and Silvaplana Tourism, the Int. Dino Meeting can be organized in an even more attractive and sustainable way.

**We look forward to welcoming many participants and sharing an unforgettable experience together!**

Daniel Bosshard, President of the Organizing Committee and Mayor of Silvaplana
